Dear Parent or Guardian:

As Miami-Dade County Public Schools students and educators work through the unique challenges of the 2020-2021 school year, school districts are required, under federal and state requirements, to provide an annual school status report. The Florida Department of Education produces the Florida Report Cards. These interactive school report cards are available at edudata.fldoe.org and provide the most currently available data on enrollment, assessments, discipline, graduation, personnel, expenditures and other educational data. The information on this report should help you assess the performance of your child's school.

If you have additional questions, please contact your child's school.

Estimados padres de familia o tutores:

A medida que los estudiantes y docentes de las Escuelas Públicas del Condado Miami-Dade les hacen frente a los desafíos sin precedente del curso escolar 2020-2021, es necesario que los distritos escolares, bajo requisitos federales y estatales, proporcionen un informe de estado escolar anual. El Departamento de Educación de la Florida crea los Boletines de Calificaciones de la Florida. Estos boletines de calificaciones escolares interactivos están disponibles en edudata.fldoe.org y proporcionan los datos más actuales y disponibles sobre la matrícula, las evaluaciones, la disciplina, la graduación, el personal, los gastos y otros datos relativos a la cuestión educativa. La información incluida en este informe debe permitirles valorar el rendimiento de la escuela a la que asisten sus hijos.

Si ha de tener preguntas adicionales, por favor, comuníquese con la escuela de sus hijos.
