Dear Parents and/or Guardians,

Since 1924, United Way Miami has been an innovative force in the community, responding to emerging needs and transforming people's lives. They're focused on education, financial stability and health – the building blocks for a good life which includes quality programs, advocating for better policies, engaging people in the community and generating resources. As the COVID-19 pandemic continues to impact us, remember one thing: We are city that stands together. Without you, United Way's work in the community would not be possible.

That's why Sunset Elementary School supports United Way each year by running a student campaign. The money that we raise will touch countless lives all across our community that may include students and families at our school.

This is a good opportunity to show our kids what caring for the community is all about. During the week/month we will have fun activities for the kids to participate in, to raise money for United Way.

You can give in the following ways:

- Provide your child with a check payable to United Way of Miami-Dade
- Provide a cash donation to your child to turn into the classroom
- Give via Venmo: @unitedwaymiami
 - o Students and parents can give through Venmo. In order for the donation to be counted at the right school, please include the following information in the memo field:
 - Student Name
 - School Name
 - Teacher/Classroom

We encourage you to talk with your child during this time about how the money they are raising will go to help others in our community who need it most. It means a child gets the best possible start in school and in life with a quality early education, or a family gets help caring for an elderly loved one.

Together, we stand for a stronger Miami.

Sincerely,

Ana Alvarez-Armon
Principal
