CRISTIAN VILLAGRA

Hi everyone! My name is Cristian Villagra, and I am an enthusiastic individual who enjoys being an activity leader at Sunset Elementary. Some of my passions include soccer and video games. My background in sports and gaming has honed my leadership skills and ability to engage with children of all ages. AMANDA IZQUIERDO

My name is Amanda Izquierdo. I'm happy to be joining the Sunset Elementary After School Care team. I am Cuban American and have spent most my life in sunny South Florida. I have my AA in psychology and my BA in Environment Sustainability. I plan to go for my Masters in Psychology to possibly work with struggling youth through nature therapy. I dedicated six years to Everglades National Park as a naturalist tour guide and truly believe nature is absolutely healing. I have worked as an assistant for 3rd grade and as an after school program leader in Utah, but the work I did with the Girl Scouts of Alaska was the most impactful because I learned the best ways to engage with kids is through authenticity. They have also taught me there is no such thing as a bad kid but simply a kid looking to connect and express themselves, especially creatively through art as I am an artist myself and have found this to be a powerful outlet in finding your true voice. I also know the importance of teaching our students about caring for their only planet. They are our future and I hope to leave a lasting impression on the children I teach for years to come.
